

**Scientific Committee of the Federal Agency for the
Safety of the Food Chain**

Advice 27-2017 of the Scientific Committee of the FASFC in regard to the evaluation of an extension of the scope of the self-checking guide G-014 'potatoes-vegetables-fruit processing industry and trade'

Background & Terms of reference

The Scientific Committee (SciCom) is asked to evaluate the self-checking guide G-014 'potatoes-vegetables-fruit processing industry and trade', and more specific the extension of the scope with fresh vegetable and fruit juices and the use of processed and frozen fish and fishery products in frozen mixes, as well as the hazard analysis of the index cards.

Methodology

The Scientific Committee has evaluated the guide based on expert opinion.

Result

The Scientific Committee makes some remarks on the guide, namely on cross contamination and the use of water, as well as specific remarks on the chapter about fresh vegetable and fruit juices and on the hazard analysis of the index cards.

Conclusion

The Scientific Committee recommends to revise the guide based on the remarks in this advice.
