

Opinion 07-2021 of the Scientific Committee established at the FASFC on the draft royal decree amending the royal decree on the direct supply, by a primary producer, of small quantities of some food products of animal origin to the final consumer or to local retail outlets

Question

The Scientific Committee is asked to review the draft royal decree amending the royal decree of 7 January 2014 on the direct supply, by a primary producer, of small quantities of some food products of animal origin to the final consumer or to local retail outlets and repealing the royal decree of 10 November 2009 on certain marketing standards for eggs.

Method

The advice is based on expert opinion.

Opinion and conclusion

The modifications included in this draft royal decree compared to the existing legislation are limited. The Scientific Committee makes a number of comments to improve the draft royal decree. Within the limits of its mission, the Scientific Committee supports the draft royal decree.
